Matilda Sneaker Collection

Levitate with our ultra-light Matilda sneaker and discover our pillars of the streets aka. our brand-new Matilda sneaker. The goal was to offer women a perfectly versatile shoe for in-between seasons. A sneaker that is the perfect companion for springtime. The feedback on our urban and feminine all-rounder sneaker Matilda Leather was overwhelming. The premium leather material and ultra-light but chunky rubber sole as well as its versatility make it so unique — you can wear it very chic or very sporty and 365 days a year.
